## Future Directions Plan of Action 2017-2018

### Goals:

1. Have at least 30 Women of Today members attend each of the scheduled Future Directions meetings.
2. Use technology such as Google Hangout, Go To Meeting and/or Skype to allow more members to participate in Future Directions meetings.
3. Have monthly contact with all Sub-Committee Chairs.
4. Have communication each trimester with Future Directions Committee members.

### Implementation:

1. Promote meetings in CIPs, Social Media posts, and Chapter Mailings. Work with Sub-Committee chairs to help promote their areas and attendance of sub-committee members at Future Directions meetings.
2. Work with Web-Team and meeting facilities to set-up technology so that members can join in on these meetings. Promote this option in CIPs, Social Media posts and Chapter Mailings.
3. Contact each Sub-Committee Chair via email or phone to get updates monthly while also providing guidance where needed. Work with Sub-Committee chairs to ensure progress is being made and reported or actioned accordingly at the Committee level.
4. Contact all Future Directions Committee members each trimester to ensure participation or understand need for substitutes at Future Directions meetings.
