Sweet Dreams For Kids

We take the “ick” out of sick!

Sweet dreams for kids is a nonprofit organization that is dedicated to bringing smiles to the faces of hospitalized children across the country by collecting and donating new pajamas to those kids.

Sweet dreams for kids was founded by Wendy Berezovsky, a Minneapolis mom of three children. Her youngest daughter was born with cancer and was repeatedly hospitalized for many lengthy stays and procedures. Those soft cozy pajamas seemed to take the “ick out of sick”.

We can collect pajamas for them. Sizes needed at this time are kids size 10 to adult XL. Although any sizes would be welcome. They would welcome monetary donations as well.

Wendy says we are able to donate pajamas to our local hospitals and just indicate to them they are from Sweet Dreams for Kids.

Wendy Berovsky's contact info is wendy@sweetdreamsforkids.org

Watch for more information on social media about ways to fundraise (pajama party!!) and when and where to bring pajama collections for the state buckets of sunshine project.
