 for more information.**

Welcome

Greetings and Welcome to the 2024-2025 year!

All members are invited to participate in the Minnesota Women of Today Membership Management Committee (MMC). Our committee plays an important role within the Membership team. Many Membership activities you currently use today started as an idea from a general member like you, the MVP, CMVP, Extensions Director or President. Our committee takes those suggestions and works together to create new activities, tools, and recognition that support all MNWT members, and their membership needs within their local community.

I am excited to introduce you to our Leadership Subcommittee Chair, Heidi Westerlund. She will be supporting and promoting the MNWT Leadership Toolbox Series. Heidi comes to this position with a passion for leadership and training. I am excited to see what new developments come from this subcommittee with Heidi as the lead.

Along with the Leadership Subcommittee we have many task forces within MMC that have been created to support membership specific needs. Any MNWT member can be part of our subcommittee and task forces. If you have a passion for membership, we can use your insight. Contact me for more information.

Anna Nichols
 24-25 MMC Chair

Mini Orientations

Orientations are not only for new members. Mini orientations can be used as a "refresher course" for the entire chapter on a variety of topics. You can devote a few minutes at your business meeting or put an article in the local newsletter as a way of informing new members as well as updating others on a particular area. Consider a mini orientation once a trimester.

Activation

Activation of members means getting them involved. Whether it is activation of new members or reactivating seasoned members, it is vital for your chapter to have involved members. With enthusiastic, activated members, your chapter will be able to run a variety of projects, create lasting friendships and increase retention. Having active members in your chapter sets a good example for new members to join and become active themselves. New members join because they want to be active, so be sure to give them the resources they need to succeed.
