DO A PEP COURSE!**

WHAT ARE OUR CHOICES?

A PEP Course provides training on a topic with valuable education for chapter members.

Living & Learning promotes member's personal growth mentally, spiritually, and civically.

There is a list of existing, preapproved PEP Courses through the CSC and online.

OR...

Ask your chapter what they want to learn.

Ask your members what they are able to teach.

Ask your group if they know a subject matter expert that could come in as a guest to conduct a course for you.
